## FROM THE DESK OF OUR DIRECTOR

*You cannot go back & change the beginning of your life, but  
You can start from where you are and change the rest of it...*

Dear Students,

With this motto we work towards your success with you. If you are passionate towards your dream of becoming a doctor, you are at the right place. We are a team of dedicated individuals, who are willing to be your guiding light towards your dream. All we ask in return is your complete dedication. Your dedication to Keep going, your dedication to improve your life and life of several others directly or indirectly connected to you. Your dedication towards your own dreams I don't promise to make this journey very easy for you, but I promise, when we make you work hard, we will too. We will complete the journey together with you, we will be your mentors for this session and for life too..

**Our Founder and Director: PRADEEP SINGH**  
Ex HoD Academics Dakshana Foundation  
Ex. Sr. Faculty Resonance eduventures  
Ex. Sr. Faculty Bansal Classes Kota  
20 years Exp.

“Success comes to those who workhard with perseverance and stays with those who do not rest onthe laurels of the past.”

In this ever evolving world of competition, it is really important that one works towards his/her dreams passionately and achieve what one is capable of. Studying for any competitive exam requires a lot of hardwork motivation and sincerity. We at Pradeep's Academy are dedicated towards the students and their dreams. As a team, we make sure, the students find the subjects interesting, and are motivated time and again. Every child deserves to be given the opportunity to shine bright, and make there dreams come true. We wish you all the best for your future endeavour..

My Alma mater. 🙏

Ever since i have joined this institution (Pradeep's Academy) ,it has totally changed my life. After my board with a devastating result of 68% , i was very much upset what to do next. I was getting an opportunity to join this institution & finally guess what now i am a MBBS student of GMCH, Assam.

All thanks to Pradeep's Academy. 😊

Pros

1. The method or way of solving problems in physics have totally changed ,after joining this institution.

2.India's top most faculties are available here, Our own guru 🙏 Pradeep sir have made us how to feel physics 🌟🌟🌟🌟

3.No one can beat the way of teaching by these faculties.

4.I personally was very much confident, before entering the exam hall ,all thanks to Pradeep's academy. It is necessary to be confident enough to prepare in any exam. During the entire course of preparation ,the faculties have treated us like their own child , in every depressing situation (like getting poor marks) they have thought us how to tackle those problems.

5.They will teach you what to study, how much to study , & when to study so that you can grasp things easily.

Cons

Only, disadvantages is that we will miss Pradeep's Academy specially Pradeep sir when you will leave this Institute.

Pradeep's Acaedmy provided me with the platform for achieving my goal and cherish my dreams.It was my third drop which was very difficult for me but by the help of whole Pradeep's Acaedmy family my shortcomings were removed step by step and made my path smooth.I took my 2 drops from Allen kota but I was not satisfied with my preparation.At Pradeep's Acaedmy I got each and every thing from education to interaction with teachers which made my preparation good.At last we were full of motivation and we won 100 100  
Hurrah!!

I am studying at AIIMS DELHI and that's all due to Pradeep's Academy. Being a student from the coaching I can say from my experience that coaching is really different in terms of everything... that help me to make it to Aims Delhi.

From faculty to atmosphere everything is like the best combo one can ever get for Neet. You can find teachers easily but i am damn sure u can't find teachers that are so much dedicated who visit at 1 am to see if the students are still studying. The dedication level of teachers and sense of belongingness is next level. The hostel and food facility is also nearby. I can continue to write paragraphs but fun will be in you writing ur own experience after joining the coaching and finally reaching ur dream institution....

What a mindblowing talent the whole neet team got to make a masterpiece, one of the best combination of the faculties member in neet core team of the respectively subject that i had ever seen globally (online and offline) . The biosphere of the academy is so good and favourable that a small plantlet can grow into a banyan tree. May God bless the all members of pradeep academy and magnify their talent for ever.

My name is Danish Ansari from Meerut , UP. I start preparation of NEET from the Pradeep Sir , Sonal Sir , Faisal sir and Diljit ma'am. One of the best thing I found was the way they support their student and the interaction that every teacher try to make with students in classroom. One of the best thing I have ever seen was Teacher almost remember the name of each and every student .

I looked for many institute but I cant compare way of interaction, teaching, helping, motivating, supporting and problem solving of Pradeep's Academy Faculties.

So I also preferred my brother to join the same institute.

One more thing to say is.....The way of teaching of Physics to a Biology student is just Fantastic.

Location is so good to avoid any type of distraction. Place is very safe for girls too. Any student can ask for help from their teachers 24x7.

Weather is so good to focus on study apart from other area where summer is very hot.

If any person really want to prepare for NEET with serious MOOD, it may be the best place for beginning of his/her career.

THANK YOU .

I am a student at Pradeep academy .

As I am on my journey the things I am learning and experiencing are extraordinary From faculty to atmosphere everything is like the best combo here. I have studied from allen earlier but being at Pradeep academy feels much more better. The focus and care sir gives to everyone and the quality education ( especially revision) is top notch and the faculty is always available to take doubts and even always ready to take up our personal problems . Apart from education I am everyday learning new aspects and morals of life from the teachers . I recommend you to join the institute if you are a neet aspirant , it feels more like home.

The best thing about Pradeep's Academy is the teachers. The set of teachers have brought even single digit ranks in the past but the best thing is that they don't just focus on rankers rather they put effort for the selection of each and every student and which is why the selection rate is so high. You'll get feel of Physics like never before. From a nightmare it becomes the sweetest dream come true. You won't even need to pick the pen for solving a lot of questions. In Biology, each and every line of NCERT is explained and all possible types of statement based questions and etc are made to practice. Organic becomes like a one single movie and NCERT is fully covered. In inorganic, all tricks and reasons are precisely provided which makes question solving very easy. In Physical Chemistry too you'll get a very good conceptual understanding and learn question solving methods with a very different view. The module is very wholesome, it includes all the relevant question types that's needed to ace the exam NEET so you won't need to roam here and there. Tests are regularly conducted and analysed. PYQ series is also run and revision occurs so many times that things come on tips. Teachers are always available for solving doubts personally. Moreover students from all over India come here. Here, at Pradeep's Academy you'll never feel alone, an amazing community is formed, students discuss with each other, solve doubts and become a family. Special care is also taken for good mental health of the students. Moreover, 24x7 self study facility is available at the premises of academy itself. I came from Assam just because of these teachers.

I am Upendra Singh, Father of Rashmi Singh from Sasaram, Bihar.

I would like to thank this academy whole heartedly for giving this opportunity to my daughter to pursue her studies.

Many friends of my daughter who studied from you are in various major reputed institutes of the country.

Yamini in Jipmer, Dhamini dhruvin AIIMS raibarelli, Aradhya choudhry Sweeti Mondal, Sushmitha mili who were your students are in various state medical colleges.

When I talk to any of these friends of my daughter, the main thing which I got to know is the way of support you had been to them during their studies.

Bahut baccho ke liye hope nhi hota hei ek baar haarne ke baad. But aapne humare bachho ko new hope diye to brighten their future.

Pradeep's Academy is one of the rare coaching institutes which provide best class education for competitive exams like neet at very affordable fee. My daughter was quite depressed and was confused to choose her career after the last neet attempt after going there she is quite confident . We the parents of these children are feeling very great and safe that our children are studying in your academy. Thankyou sir I will be really be always obliged to you.

Pradeep academy in Haldwani is one of the best institutes to pave your journey for a bright future.. It offers a comprehensive curriculum , supporting staff ,experienced teachers who focus on the growth of the child ...Above all this it offers such a healthy environment wherein you can give your total effort without any anxiety and stress .... The faculty is very supportive , helping you in every possible way out to accomplish your dream ....Also they have regular tests which are evaluated properly and accordingly the child's progress is analyzed.....This makes the work highly systematic leaving no room for any errors ... Pradeep sir has also helped me immensely throughout my journey by inspiring, guiding , teaching, helping in every possible way Therefore the coaching holds a top position for me and is highly recommended

My daughter had studied at one of the most prestigious coaching in Janakpuri, New Delhi but still unsatisfied with the level of teaching and the atmosphere there . She had joined pradeep's academy and after studying few months she holds good command even on the trickiest concept . The teachers there are really awesome and attempting every lecture is fruitful as she told me . They answer doubts very patiently .Ample amount of tests has been conducted with discussion of every single question .The atmosphere is again perfect for studying . Its worthwhile to send your child to Pradeep's academy for neet/jee preparation

Being a part of this academy, has been one of most crucial decision of my life. I feel so glad and satisfied that I came across this coaching and joined it.

1. Students ACROSS INDIA have taken admission here, which not only helps in sharing intellectual ideas, also gives a healthy competition amongst each other.

2. Pradeep Sir, the director, himself is super concern for all the students and always pay heed towards students betterment, at personalised level.

3. Interaction of teachers with students at personal level, is definitely one of the most important and influencing factor, which turns out to be of great great help!!

Giving competitive exams not only requires knowledge, but also temperament to perform under stressed conditions.

And to develop it, a strong support, which will be provided to you, throughout your journey by the staff and faculty member.

Very happy to have joined the academy.

Super satisfied with all amenities available.

Surely recommend it to the emerging aspirants.

Very fine teachers with good hearts and pure intentions that all that describes pradeep academy family. Pradeep Singh sir is more than a teacher he's a mentor, counselor, parent figure you can get knowledge from anywhere but he gave me confidence too. Literally Sonal sir is best inorganic teacher I've met. For Paras sir I have no words to describe every thing he tells sets in brain. I'm currently studying here and since the day I decided to come here, my parents were little bit tensed that I'm going that much far from my home (Katni, Madhya Pradesh) but when they came here and met Pradeep sir, seen the selection ratio. That moment we realised that this is the perfect place. I'm not the first from my school studying from Pradeep sir earlier my seniors also studied from him & got selected in prestigious institutes here few names 1. Shreyas Geda 2016 [IIT ROORKEE] 2. ANUJ CHOURASIYA 2019 [GMC BHOPAL] 3. JITENDRA BAGRI 2020 [AIIMS RAIPUR] 3. DEVESH GUPTA 2022 [GMC] 4. VIPIN HALDAR 2022 [GMC] if they did I can too. Thanks 🙏👍

There are many big names in the domain of medical coaching in India. Aakash, Allen and FIITJEE are few of them and are always referred to medical aspirants as the best medical coaching institutes. But here is a catch! We always run for big brands and invest huge amount in them without realizing that there are many other similar coaching institutes providing even better coaching than these brands.

One of it is **PRADEEP'S ACADEMY**. It is one of the most eminent medical coaching institutes known for its best result, expert faculty members, & also facilities provided at most affordable costs is its unique ❄️ feature because all the teachers of these academy are not doing their work for money. They have passion to make students future bright ✨✨ and they work for it.

Pradeep's Academy has a very sound & conducive environment for competitive exams. All the faculties are highly experienced and very much friendly to students. My daughter is very confident after joining this academy and I'm sure she will crack this exam..she had spent last two years in Kota but she was very disappointed. I strongly recommend this academy because this is the best coaching in northern India...so don't go anywhere like Kota and other cities...just join it. Undoubtedly it's the best...

मैं छत्तीसगढ़ राज्य का निवासी हूँ। मैंने प्रदीप एकेडमी के बारे में कई मेडिकल कॉलेज में पढ़ रहे बच्चों से सुना है और मैंने प्रदीप एकेडमी में पढ़ रहे बच्चों से भी जानकारी प्राप्त की है कि यह कोचिंग एक शुद्ध व्यावसायिक संस्था की जगह एक शैक्षणिक संस्था है यहां पढ़ने वाले सभी बच्चों को व्यक्तिगत रूप से ध्यान दिया जाता है और उसे विशेष सलाह एवं मार्गदर्शन दिया जाता है, यहां की फिजिक्स, केमिस्ट्री एवं बायोलॉजी सभी की फैकल्टी बहुत अच्छी है और सभी फैकल्टी के बहुत सारे अच्छे विकल्प भी यहां उपलब्ध हैं। जिसके कारण बच्चों को शिक्षक के अभाव या अच्छे शिक्षक के अभाव का सामना करना नहीं पड़ता है, प्रतिवर्ष इस संस्था से कई बच्चों का विभिन्न मेडिकल कॉलेज में नामांकन होता है इस कारण से ही देश के अलग-अलग हिस्सों से इस संस्था में बच्चे पढ़ने के लिए आते हैं, जहां फीस भी बाकी कई कोचिंग की अपेक्षा कम है, मैं इसके उज्ज्वल भविष्य की कामना करता हूँ और इस संस्था के प्रबंधक श्री प्रदीप एवं उनकी पूरी टीम को ढेर सारी शुभकामनाएं देता हूँ।

As a mother I was really concerned about my daughter's studies. Coming across this institute was actually one of the best decisions I took. The teachers here are cooperative, encouraging and supportive. Each and every faculty provides the best and serves as the helping hand to the students at any time. As a very interactive teacher myself I wanted my daughter to have an interactive teacher too who not only teaches but also interacts with their students and makes the environment of the class light and fun for the students making it easy for them to learn and I could assure you that the teachers here stay connected with these students. I saw my daughter develop throughout the year with the help of the guidance of the teachers, making me feel happy about my decision. I highly recommend the parents to come here and to meet Mr. Pradeep Singh for your children. I assure you, you will be convinced after meeting him and seeing the atmosphere of the institute which is very student friendly.

The dedication of teachers and Pradeep sir himself is outstanding. What else would you expect from an institute where teachers work harder than the students and treat them like family. The personal attention and attachment with teachers keeps the students motivated to never give up...No need to run to Delhi or Kota, this is the right place for all NEET aspirants.
